SUBJECT: EDIC Seminar on High Energy Fuels

1. Your Seminar of 13 and 14 June was attended with great interest by several NSA 75 personnel. The presentations by Mr. Filbert of Bettelle Memorial Institute and Mr. Reilly of the Solid Propellant Information Agency were especially valuable in giving our personnel a new insight into the technology of propellant research and development.

2. We would like to express our appreciation to you and Mrs. Richards for making our arrangements, and to all who participated in making the seminar a success.
